(Cite as: 255 B.R. 801)

Motion was filed, in removed malpractice action, for assessment of attorney fees and costs against Chapter 7 trustee. The Trustee who brought malpractice action against Chapter 7 debtor's accountants did not act outside scope of his authority, and was not personally liable, for abandoning records which may have been relevant to malpractice claims without notice to accountants. The Debtor's accountants were not allowed to proceed with their claims against trustee.
