

In re Robert and Diane ADELSON, Debtors
No. 97-36420-BKC-SHF

The trustee requested compensation in her capacity as the trustee's attorney for supposedly rendering "legal" services on behalf of herself as chapter 7 trustee. The Court denied the requested compensation because the trustee simply performed the duties already required of her as a chapter 7 trustee under 11 U.S.C. s 704.
