NOTICE OF NEW CHAPTER 13 SELF-CALENDARING PROGRAM IN CM/ECF Effective June 2, 2008

In conjunction with the implementation of amended local rules, a new chapter 13 self-scheduling program in CM/ECF will be available to schedule certain non-emergency chapter 13 matters for hearing effective June 2, 2008. This program will replace the existing chapter 13 self-scheduling process and as indicated above, revised self-scheduling procedures have been issued. The self-scheduling utility will allow the e-filer to select a hearing date from a list of available dates and times for the judge and trustee who is assigned to the case. Upon docketing of the motion, the program will automatically generate the notice of hearing form for printing and service by the e-filer. Please review the revised [“Guidelines for Self-scheduling Certain Chapter 13 Matters”](#), which include an interactive self-scheduling demo and FAQs.
